Comprehensive Permit Application**

Dear Chris,

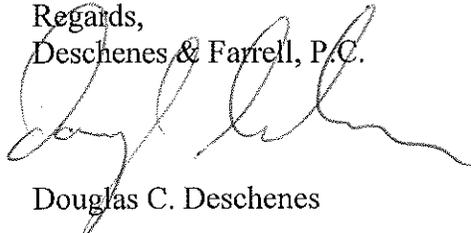

I am writing in response to your letter of March 12, 2015.

My client will be providing to you today the survey data and well location information requested in your letter. The remaining information requested is part of the hydrogeological report being completed by Northeast Geoscience and therefore I do not have it at this time. I have been told that Northeast is working to have their report (and so the additional information requested) to us by the end of the week. It will be immediately forwarded to the Board once I receive it.

Additionally, I reviewed your letter from February and will do my best to provide any additional information requested to the extent it is available.

Thank you for your time and consideration.

Regards,
Deschenes & Farrell, P.C.
