Attachments: April 17 letter to ZBA.pdf (13K)

Attached is a letter from the abutters.

Also, we request the Board publish specific agendas for the meetings going forward.

It is getting to the point where we would expect to have substantive discussions and we will want to have the appropriate folks attending. It has been said that town counsel has advised the board to not be specific, but that is going to be a problem and certainly not fair to the abutters.

Thank you.

Thornton
