Please inform Ms. Davis Lewis that I spoke with MDM, our traffic consultant today in response to her recent request. Mr. Mills has spoken with Nitsch's traffic consultant and they are on board with the Scope of Services. The counts have begun. The report is still due to be delivered on or about October 20, 2014, as originally scheduled, giving a full week for peer review prior to the meeting of October 27. Mr. Michaud or Mr. Mills can be at the October 27 meeting to present the report if it is the Board's pleasure. If so, I would presume that the peer reviewer would also be in attendance.
