> Chris,

> I hope this e-mail finds you well. I am writing for a couple of reasons.

> First, I understand from speaking with my client that he is in the process of funding the 53G account with the Town as requested.

> Secondly, and more important, I wanted to give you notice that I have a personal matter that will prevent me from attending the meeting tonight. I am very sorry but my wife and I are dealing with a family emergency regarding her mother, and I must be in attendance with her. I will apologize to the Board, but I cannot attend tonight and therefore will be asking that the meeting be continued. (Mr. Brem was unavailable in any event and so he cannot be there.) I hope you understand that I do not continue meetings unnecessarily, especially for this Project.

> Third, and on a related topic. I am currently drafting a memorandum to the Board addressing numerous issues, comments and questions raised to date in both written memorandum and at meetings. It will also address the recent action items listing provided by Mr. Galligan. I am hopeful that it will begin to narrow the number of open issues and also help to define what must and will be done in terms of additional information for the Board to consider. I hope to complete that this week.

> I will be forwarding a continuation request to Peggy within the hour.

> Thank You.....doug deschenes
