Office of  
PLANNING BOARD

MINUTES

August 18, 1980

PRESENT: Coulter, Kulmala, Courant

Since there was not a quorum present, no votes could be taken.

A letter had been received from Dave Stewart addressing the Mannis Common Driveway application. Both Mannis and Stewart, who were present, requested consideration of this letter at the meeting of August 25. Other discussion on this application was also deferred.

The Gould Common Driveway Public Hearing was continued to August 25. The requested map showing wetlands was available.

Kay Kulmala presented the new Town Center composite maps which are now available. One map shows public rights of way and structures. The other adds lot lines, tree lines and wetland areas.

The Housing Study Committee was present with their architect as a result of questions regarding setback of the parking lot. Since this question will probably go before the Board of Appeals, the Committee wanted to know if this is the only zoning bylaw violation on the plan; if so, they would proceed with their request for a variance. It was felt that except for the parking lot location, the Planning Board could approve the plan. There will, of course, be a Public Hearing before any decision is made.

The meeting adjourned at 8:45 p.m.

Respectfully submitted,

Meredith DeLong  
Secretary to the Board
