13 WETLANDS PROTECTION

13.1 Purpose and Jurisdiction

13.1.1 The purpose of this Bylaw is to protect the wetland and water resources of the Town of Carlisle by regulating activity in or near wetland resource areas. Conditions shall be imposed by the Carlisle Conservation Commission (the "Commission") after a public hearing at which the Commission determines that the area on which the proposed work is to be done is significant to public or private water supply, to ground water supply, to flood control, to storm damage prevention, to prevention of pollution, to protection of land containing shellfish, to the protection of wildlife habitat or to the protection of fisheries (collectively, the "Interests Protected by this Bylaw")

13.1.2 Except as permitted by the Commission or as provided in this Bylaw, no person shall remove, fill, dredge, or alter any bank, fresh water wetland, marsh, meadow, bog, or swamp bordering any creek, river, stream, pond, or lake, any land under said waters, any land subject to flooding, or any riverfront area (collectively, the "Resource Areas Subject to Protection").

13.1.3 Any activity proposed or undertaken within the "Buffer Zone" or Resource Areas Subject to Protection which, in the judgment of the Commission, will remove, fill, dredge or alter a Resource Area Subject to Protection under this Bylaw is subject to regulation under the Bylaw and requires the filing of a Request for Determination (Request) or Notice of Intent, Abbreviated Notice of Intent, or Abbreviated Notice of Resource Area Delineation (Notice).

13.1.4 Any activity proposed or undertaken outside the Resource Areas Subject to Protection and outside the Buffer Zone is not subject to regulation under this Bylaw and does not require the filing of a Notice of Intent unless and until that activity actually alters a Resource Area Subject to Protection under this Bylaw. In the event that such activity has in fact altered a Resource Area Subject to Protection under this Bylaw, the Commission shall impose such conditions on the activity or any portion thereof as it deems necessary to contribute to the interests protected under this Bylaw.

13.1.5 It is not the purpose or intention of this Bylaw to exceed Mass. Gen. Laws Ch. 131 Sec. 40 as amended February 14, 1997, or the Wetland Protection Act Regulations 310 CMR 10.00 as amended October 24, 2014, except in the following Bylaw sections: 2, 10, and 11.
13.2 Applications and Fees

13.2.1 Any person who proposes to do work which will remove, fill, dredge or alter any Resource Area Subject to Protection under this Bylaw shall submit a Notice to the Commission which bears the signature of the owner of the subject property. Application under this Bylaw may be identical in form to a Notice of Intent filed pursuant to Mass. Gen. Laws Ch. 131, Sec. 40, and shall be sent by certified mail or hand delivered to the Carlisle Conservation Commission. Said application shall be accompanied by a filing fee set forth in the rules and regulations promulgated by the Commission and payable to the Town of Carlisle, and must be filed concurrently with or after applications for all other variances and approvals required by the Zoning Bylaw, the Sub-division Control Law, local Board of Health Regulations or any other bylaw or regulations relevant to the project. The written application shall include such plans as may be necessary to describe such proposed activity and its effect on the environment. No filing fee is required when a department or officer of the Town of Carlisle files an application for the Town.

13.2.2 Any person who desires a determination as to whether this Bylaw applies to land or work which may affect a Resource Area Subject to Protection may submit a Request for Determination of applicability to the Commission. Requests shall be accompanied by a filing fee set forth in the rules and regulations promulgated by the Commission. The Request application may be identical in form to a Request filed pursuant to Mass. Gen. Laws Ch. 131, Sec. 40. If the person making the Request is not the owner, the applicant shall send a copy of the Request by certified mail (return receipt requested) to the owner.

13.2.3 The receipt of such Notice or Request shall be acknowledged in writing on the face thereof and shall include the time and date so received. A person delivering said Notice by hand shall be given a receipt in writing acknowledging the time and date such filing was received.

13.2.4 Each Notice or Request filed shall be assigned a unique identification number (hereinafter, "File Number") to facilitate record keeping by the Commission. Said File Number may be identical to that assigned by the Massachusetts Department of Environmental Protection.

13.2.5 Any person filing a Notice or a Request with the Commission shall give at the same time written notification thereof, by certified mail (return receipt requested), Certificate of Mailing, or hand delivery, to the owner and all abutters at their mailing addresses shown on the most recent Certified Abutters List.

13.2.6 In addition to any filing fee imposed by the rules and regulations promulgated under this Bylaw, the applicant shall reimburse the reasonable costs and expenses borne by the Commission for specific expert engineering and consulting services deemed necessary by the Commission, provided that the scope of the application meets the criteria set forth in Section 2.7 of this Bylaw. 13.2.9 Said reimbursement fee shall be paid by the applicant within thirty (30) calendar days of receipt of a written request from the Commission. Said payment may be required by the Commission at any point in reviewing or deliberating processes to pay for services rendered thus far, including prior to a final decision being rendered but not before the Commission has received the actual bills for the site and/or design review. The fee shall be paid to the town into an account of the Commission which is set up by the Treasurer for this purpose, separate and apart from all other Town monies, and which may be drawn upon by the Commission for services approved by the Commission at a public meeting. The principal shall be expended by the Treasurer at the direction of the Commission for site and/or design review costs and expenses.

13.2.10 In setting the amount of said reimbursement fee, the Commission shall utilize the following standard: the fee shall equal the amount of the actual bills for all expenses incurred for the File Number that is submitted by an expert engineer or consultant, up to the maximum amount set forth in Section 2.6 of this Bylaw.

13.3.3.3 with the consent of the applicant for a period not to exceed twenty-one (21) calendar days after the submission of a specified piece of information or the occurrence of a specified action. The continued hearing shall be publicized in accordance with Section 3.2 of this Bylaw.

13.4 **Permits and Conditions**

13.4.1 For Requests, the Commission shall issue a Determination of Applicability within twenty-one (21) calendar days of receipt of said application. If, after the public meeting, the Commission determines that the area is significant to the Interests Protected by this Bylaw, the Commission shall issue a positive determination and request that the applicant file a Notice. If the Commission determines that the area which is the subject of the application is NOT significant to the interests protected by this Bylaw, or that the proposed activity does not require the imposition of conditions, it shall issue a negative determination. When the person requesting a determination is other than the owner, notice of the determination shall be sent to the owner as well as to the requesting person by certified mail (return receipt requested).
13.4.2 For Notices of Intent, and Abbreviated Notices of Intent, the Commission shall issue an Order of Conditions within twenty-one (21) calendar days of the close of the Public Hearing for said application. The Commission shall impose such conditions as will contribute to the protection of the Interests Protected by this Bylaw and all work shall be done in accordance with those conditions. If the Commission makes a determination that the proposed activity does not require the imposition of such conditions, the applicant shall be notified of such determination within twenty-one (21) days after said hearing. Such Notification of Nonsignificance shall be signed by the majority of the Conservation Commission and a copy thereof shall be sent forthwith to the applicant by certified mail (return receipt requested). An Order of Conditions shall be valid for three (3) years unless specifically stated otherwise. The Commission may renew an Order of Conditions for an additional one (1), two (2) or three (3) year period. If renewal of an Order of Conditions is requested, it must be received in writing by the Commission at least thirty (30) calendar days prior to the expiration date of the Order.

13.4.3 No work proposed in any application shall be undertaken until the Order of Conditions, or Notification of Nonsignificance with respect to such work issued by the Commission has been recorded in the Registry of Deeds or, if the land affected thereby be registered land, in the registry section of the Land Court for the district wherein the land lies, and until the holder of the Order of Conditions certifies in writing to the Commission that the Order has been so recorded.

13.4.4 Within twenty-one (21) days of the receipt of a written request, by the applicant or the owner of the property, for Certificate of Compliance, the commission shall grant such request if the activity, or portions thereof, complies with the Order of Conditions and if, at the time of such request, there are no outstanding notices of violation or unsatisfied fines issued by the Commission or by the Massachusetts Department of Environment Protection against a property which is the subject of such a request. The Certificate of Compliance shall state that the activity, or portions thereof, has been completed in accordance with such Order.

Laws Ch. 131, Sec. 40, shall be presumed correct except in those areas in which this Bylaw specifically exceeds Mass. Gen. Laws Ch. 131, Sec. 40. If the Animal Control Officer impounds a dog found in violation of Section 14.6.2.4 or issues an Order of Temporary Confinement pursuant to Section 14.6.6.5 and the dog owner or keeper does not pay all fees directly to the kennel, veterinary clinic, or dog boarding facility, then the dog’s owner or keeper shall be required to reimburse the Town for any expenses incurred in housing that dog. If the dog has not been licensed as required pursuant to this bylaw, the owner or keeper shall immediately apply to the Town Clerk to obtain a license, submit payment for the license fee, and pay any applicable late fees, and said dog shall not be released from confinement unless and until the issuance of a valid license, which shall not be unreasonably delayed or withheld.

14.8.3 Payment agreement.

Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating said limitations to the license or permit, and the validity of said license shall be conditioned upon the satisfactory compliance with said agreement. Failure to comply with said agreement shall be grounds for the suspension or revocation of said license or permit; provided, however, that the holder be given notice and a hearing as required by applicable provisions of law.

ARTICLE XVIII

RIGHT TO FARM

18.1 Legislative Purpose and Intent

The purpose and intent of this By-law is to state with emphasis the Right to Farm accorded to all citizens of the Commonwealth under Article 97 of the Constitution, and all state statutes and regulations thereunder including, but not limited to, Massachusetts General Laws Chapter 40A, Section 3, Paragraph 1; Chapter 90, Section 9; Chapter 111, Section 125A; and Chapter 128 Section 1A. We the citizens of Carlisle restate and republish these rights pursuant to the Town’s authority conferred by Article 89 of the Articles of Amendment of the Massachusetts Constitution (“Home Rule Amendment”).

This General By-law encourages the pursuit of agriculture, promotes agriculture-based economic opportunities and the natural and ecological value of the land, and protects farmlands within the Town of Carlisle by allowing agricultural uses and related activities to function with minimal conflict with abutters and Town agencies. This By-law shall apply to all jurisdictional areas within the Town.

The benefits and protections affirmed by this By-law are intended to apply exclusively to those agricultural operations and activities conducted in accordance with generally accepted agricultural practices. No benefits and protections are conferred to agricultural activities whenever adverse impact results from negligence or willful or reckless misconduct in the operation of any such agricultural or farming operation, place, establishment or facility or any of its appurtenances.

18.2 Definitions

The word "farm" shall include any parcel or contiguous parcels of land or water bodies used for the primary purpose of commercial agriculture, or accessory thereto.

The words "farming" or “agriculture" or their derivatives shall include, but not be limited to, the following:

• farming in all its branches and the cultivation and tillage of the soil;
• dairying;
• production, cultivation, growing, and harvesting of any agricultural, aquacultural, floricultural, viticultural, or horticultural commodities;
• growing and harvesting of forest products upon forest land, and any other forestry or lumbering operations;
• raising of livestock, including horses, and keeping of horses as a commercial enterprise; and
• keeping and raising of poultry, swine, cattle, goats, sheep, ratites (such as emus, ostriches and rheas) and camelids (such as llamas and camels), and
other domesticated animals for food and other agricultural purposes, including bees and fur-bearing animals.

“Farming” shall encompass activities including, but not limited to, the following:

- operation and transportation of slow-moving farm equipment over roads within the Town;
- control of pests, including, but not limited to, insects, weeds, predators, and disease organisms of plants and animals;
- application of manure, fertilizers, and pesticides;
- conducting agriculture-related educational and farm-based recreational activities, including agri-tourism, provided that the activities are related to marketing the agricultural output or services of the farm;
- processing and packaging of the agricultural output of the farm and the operation of a farmer’s market or farm stand including signage thereto;
- maintenance, repair, or storage of seasonal equipment or apparatus owned or leased by the farm owner or manager used expressly for the purpose of propagation, processing, management, or sale of the agricultural products; and
- on-farm relocation of earth and the clearing of ground for farming operations.

18.3 Right To Farm Declaration
The Right to Farm is hereby recognized to exist within the Town of Carlisle. The above-described agricultural activities may occur on holidays, weekdays, and weekends by night or day and shall include the attendant incidental noise, odors, dust, and fumes associated with normally accepted agricultural practices. It is hereby determined that whatever impact may be caused to others through the normal practice of agriculture is more than offset by the benefits of farming to the neighborhood, community, and society in general. The benefits and protections of this By-law are intended to apply to agricultural and farming operations as described in the Massachusetts Constitution and General Laws noted in Section 1 of this document. Furthermore, nothing in this Right to Farm By-law shall be deemed as acquiring any interest in land or as imposing any land use regulation, which is properly the subject of state statute, regulation, or local zoning law.

18.4 Disclosure Notification
Within 30 days after this By-law becomes effective, the Select Board shall post the following disclosure on the official bulletin board and website of the Town, at any other location at its discretion, and make such disclosure available for distribution upon request in the offices of the Select Board, Board of Assessors, and the Town Clerk.

“It is the policy of Town of Carlisle to conserve, protect and encourage the maintenance and improvement of agricultural land for the production of food, and other agricultural products, and also for its natural and ecological value. This disclosure notification is to inform buyers or

RIGHT TO FARM
occupants that the property they are about to acquire or occupy lays within a town where farming activities occur. Such farming activities may include, but are not limited to, activities that cause noise, dust and odors. Buyers or occupants are also informed that the location of property within the Town may be impacted by commercial agricultural operations including the ability to access water services for such property under certain circumstances.”

18.5 Resolution of Disputes
Any person having a complaint about a farm or farming activity or practice is encouraged to seek an amicable solution through resolution directly with the owner or operator of the farm at issue. Such person may also, notwithstanding the pursuit of other available remedies, file such a complaint with the Select Board. The Select Board may, at its sole discretion and to the extent the Board believes resolution of the matter may be facilitated by involvement of the Town, forward the complaint to the Agriculture Commission, or other appropriate board or officer, and request that recommendations for resolution be provided within an agreed upon timeframe. Notwithstanding any other provision of this section, however, the Select Board shall not be required to forward a complaint filed in accordance herewith or to take any other action.

18.6 Severability Clause
If any part of this By-law is for any reason held to be unconstitutional or invalid, such decision shall not affect the remainder of this By-law. The Town of Carlisle hereby declares the provisions of this By-law to be severable.
