Re: "The Birches"
Application for Comprehensive Permit

Dear Ms. Lewis and the members of the Board of Appeals:

Please find the following submitted herewith via email with originals to follow on Monday, June 8, 2015 at the Board of Appeals meeting.

- Unit Style and Bedroom Tabulation
- Goldenrod Architectural Plans – 3 BR, MB on 2nd floor – (previously submitted)
- Architectural Specifications – Updated 06032015

The Goldenrod is the alternative 3 bedroom unit with the master bedroom on the second floor and thus have a smaller footprint. These plans (although not named Goldenrod at the time) were submitted many months ago but I inadvertently did not list them on the new tabulation provided at the last meeting. The tabulation provided herewith also clearly identifies the unit styles and bedroom counts and which units are walk-outs.

The specifications were provided previously in early November, 2014. I have updated them (minor) and resubmit as requested by the Board at the last meeting.

Signed:

A handwritten signature in blue ink that reads "Jeffrey A. Brem".

Jeffrey A. Brem, PE
