Peggy

Please find a new Plan of Existing Conditions with the date of Sept 15, 2014 which shows the wells and septic system leach fields within 200 feet of the property. The information came from Board of Health files and Stamski & McNary's office. Some of them are design, some are As Built as indicated.

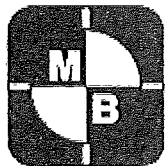

Please distribute to the Board of Appeals and inform me if you need me to bring this as a hardcopy at the next meeting. Thank you.
