Water Testing Laboratories

Testing private well water? Below is a list of laboratories the town has used, the companies sent us literature or are locally situated on the state certified list. The Board of Health does not recommend any specific company. Certifications can change. The current state approved list can be found at <http://public.dep.state.ma.us/Labcert/Labcert.aspx>. Many on the state list do not test private wells.

1. M-30131 Frontier Research Lab, 258 Westford Rd., Tyngsborough, MA 01879-0000 (978) 649-6119
