TOWN OF CARLISLE 2015 COMMUNITY PRESERVATION PLAN

The Town of Carlisle Community Preservation Committee (“CPC”) is pleased to present the 2015 Town of Carlisle *Community Preservation Plan* (“the Plan”).¹ This Plan describes the process for administering the Community Preservation Act (“CPA”) in the Town of Carlisle. The Plan presents a description of the CPA and its adoption by the Town, the procedure by which the CPA is administered, the criteria the CPC references when considering applications, and an accounting of CPA revenues and expenditures to date, including funds currently available for allocation and appropriation. The Plan is an informational document for the citizens of the Town, a guideline and instructional document for applicants seeking project funding through the CPA, and a guidance document for this and future CPA Committees in making recommendations to Town Meeting for project funding. This document will be modified by future CPA Committees in response to changing goals and experience with the CPA over time.

HISTORY OF THE CPA IN CARLISLE

The CPA was signed into law as MGL Chapter 44B in September 2000. It allows towns to create a Community Preservation Fund for open space protection, historic preservation, affordable housing and outdoor recreation. The CPA also creates a statewide Community Preservation Trust Fund (“Trust Fund”), administered by the Department of Revenue (DOR), which provides matching distributions each year to communities that have adopted CPA. The statute gives towns the right to place a surcharge on local property taxes of not more than 3% of the local real estate tax levy on each property, and to exempt the first \$100,000 of the property value from the surcharge.

Carlisle voted to adopt the CPA at Town Meeting in 2001, with a 2% surcharge and the \$100,000 exemption, also exempting property owned and occupied by a person who would qualify for low income housing or low- or moderate-income senior housing.

In 2002, articles to reduce the 2% surcharge to 0.5, 1, and 1.5% were defeated at Town Meeting. In 2010, Town Meeting opposed a non-binding article proposing a vote the following year to reduce or rescind the 2% surcharge. The non-binding question then passed by a slight margin at the ballot a few weeks later. In 2011, the Selectmen voted 3-2 to support an article at a Special Town Meeting for the complete rescission of the surcharge. A citizen petition article proposed an increase to 3% (in part because towns that adopt the CPA at the highest surcharge percentage have historically received higher percentages of state match). The article to rescind was defeated by an almost 2 to 1 margin. The article to increase the surcharge was also defeated, so Carlisle’s CPA surcharge remains at 2%.

Since Carlisle’s adoption of the CPA in 2001, the Town has collected CPA funds through fourteen fiscal years. Distributions from the state Trust Fund has have matched local collections at between 100% and 26.6%. As the number of communities electing to participate in the CPA, and thus sharing the distributions from the Trust Fund, increased from 34 in 2002 to 148 in 2012,

¹ Pursuant to the Community Preservation Act, MGL Ch 44B Section 5(b)(1): “The community preservation committee shall study the needs, possibilities and resources of the city or town regarding community preservation, including the consideration of regional projects for community preservation. The committee shall consult with existing municipal boards, including the conservation commission, the historical commission, the planning board, the board of park commissioners and the housing authority, or persons acting in those capacities or performing like duties, in conducting such studies. As part of its study, the committee shall hold one or more public informational hearings on the needs, possibilities and resources of the city or town regarding community preservation possibilities and resources, notice of which shall be posted publicly and published for each of two weeks preceding a hearing in a newspaper of general circulation in the city or town.”

the percentage of the state match decreased from the 100% match it was for the first seven years to a low of less than 27% in 2011 and 2012. A 2012 update to the CPA legislation provided additional revenues for the Trust Fund and the percentage match almost doubled in 2013, before dropping to 31% in 2014. The annual amounts expected to be collected through the local surcharge, the amount and percentage of the state match, and the final sum for each year are provided in the following table.

** State Trust Fund Distribution is actually received by the Town the following fiscal year than what is shown, since the actual local tax revenues upon which the match is based cannot be reported to the state until the close of the fiscal year

HOW THE CPA IS ADMINISTERED IN CARLISLE

Each year, the Town must spend, or set aside for later spending, 10% of the annual revenue to a fund designated for open space protection (including expanded use for outdoor recreation since 2012), 10% to a fund designated for historic preservation, 10% to a fund designated for affordable housing, and the remaining 70% to an Undesignated Fund that can be used for any of the allowed purposes under the CPA. Up to 5% of the revenue may also be appropriated for administrative expenses. As the actual amount of local revenues and state match are not known at the time of the Annual Town Meeting when these allocations must be made each year, the allocations are based on estimated revenues from the surcharge and the estimate provided by the DOR of the expected match from the Trust Fund.

The CPC consists of seven members: one member each from the Board of Selectmen, the Planning Board, the Housing Authority, the Conservation Commission, the Recreation Commission, and the Historical Commission, plus one member from the community, all appointed by the Selectmen.

Funds are appropriated for projects pursuant to recommendations by the CPC and subsequent majority approval by Annual Town Meeting. Funds may be appropriated from the balance in the designated fund for each of the three categories for projects falling within those categories. The Undesignated Fund may be appropriated for any CPA-eligible project. In addition, the CPC may

recommend, and Town Meeting may approve (by a two-thirds vote), bonding to be repaid by future CPA revenues.

Working with the Town Treasurer, the CPC confirms and then announces the fund balances annually late in the calendar year in a call for applications. Applicants may be Town entities (including boards and commissions) non-profits, individuals, or even commercial entities (the latter three groups will ideally have the support of a Town board but need not necessarily be Carlisle-based). Applications are generally due in January. *(See Appendix A for the current Application Form, also available through the CPC page on the Town website.)*

Applications must include a clear description of the project, the sponsoring Town board or committee (as applicable), responsible parties, the expected timeline, the purpose of the project with a statement as to how it is consistent with the CPA and applicable Town planning documents, a statement as to community support for the project, and a complete project budget including any available funding beyond the requested CPA grant.

After reviewing the applications within the committee and, as appropriate, with Town Counsel to confirm eligibility or other parameters, the CPC meets with applicants to discuss their applications, often requesting revisions to the scope of the project or the amount requested, refinements, or additional information. Based on its assessment of each application relative to available funds, competing applications, and the criteria established by the CPA, the CPC then votes whether or not to recommend at Town Meeting which project(s) should be funded with CPA monies. *(See Appendix B, "Criteria for Project Consideration & Recommendation by CPC.")*

For each project expected to receive a positive CPC recommendation, the CPC works with Town Counsel and the applicant to create a Grant Agreement which establishes the clear parameters of the appropriation including allowed use(s), the term for which the funds are available (including possible claw-back dates at which time any unspent funds must be returned to the fund from which they were appropriated, reporting requirements, public notice including signage as appropriate that the project is funded in whole or in part through the CPA, and any other requirements or restrictions. *(See Appendix C for a sample Grant Agreement.)*

Once a project receives Town Meeting approval for funding, the Town Treasurer is responsible for providing the funds consistent with the grant agreement. This may or may not include requirements for the presentation of paid invoices for reimbursement. Funds appropriated to a specific project may only be spent for the purposes identified in the grant agreement. The CPC is responsible for monitoring projects to assure that funds are spent per the terms of the grant agreement and to receive documentation at the completion of a project, including acknowledgement of the CPS funding source and, where appropriate, written reports and photographic documentation. *(See Appendix E for a Reporting Schedule for current CPA grants and Appendix F for a sample CPA Awareness sign.)*

To date, the CPC has recommended and Town Meeting has appropriated more than \$6 million for a variety of projects. *(See Appendix D for a list of approved appropriations to date and a chart of expenditures to date, by category.)*

CURRENT FUND BALANCES AVAILABLE FOR APPROPRIATION

With the state match in hand as of November 17, 2015, the current fund balances available for appropriation are: Open Space - \$54,809; Historic - \$156,188; Housing - \$201,874; and

Undesignated - \$835,458. The reserve fund, which comprises funds in hand that are held against the required FY '16 allocations of 10% of anticipated revenues, is currently \$354,500.

For the complete text of and additional information on the CPA statute and how it is being applied in towns across the Commonwealth, visit the Community Preservation Coalition website at www.communitypreservation.org. The Town paid \$1,750 in annual dues to the Coalition in 2015, from the \$2,500 appropriated in 2015 for Administrative Expenses. Any Administrative Expenses funds remaining at the end of the fiscal year are returned to the Undesignated Fund.

PROJECT APPLICATION

Community Preservation Committee
66 Westford Street
Carlisle, MA 01741
TEL: 978-369-6155 (Town Clerk) FAX: 978-371-0594

Thank you for your interest in submitting a Community Preservation Act (“CPA”) project application to the Carlisle Community Preservation Committee (“CPC”). We appreciate your care and concern for the Carlisle community. We are willing to assist where we can and we look forward to reviewing your application.

Please keep in mind the following parameters:

1. Project funding requests must be submitted in writing to the CPC using the Project Application.
2. The Project Application must be completed in its entirety for consideration.
3. Requests must be documented with appropriate support information.
4. If the request is part of a multi-year project, include the total project cost and yearly appropriations sought.
5. For applications that have multiple project requests, please prioritize projects.

Please note that applications for studies, assessments, and plans are discouraged.

Applications must be submitted to Town Hall by **January 15, 2016** to be eligible for consideration. **Please submit seven hard copies of each complete project application at the Town Hall or email an electronic copy to Luke Ascolillo (luke.ascolillo@comcast.net)**

The CPC will review all applications and invite project applicants to a CPC meeting to present their project and answer questions. The CPC may work with an applicant to change the scope of a project, adjust the project amount, or otherwise revise a project based on whether the project meets the goals of the Town of Carlisle and the CPA. The CPC will vote on each application and make recommendations at Town Meeting as to which applications should be funded with CPA monies.

Please contact Luke Ascolillo, Chairman of the CPC, at luke.ascolillo@comcast.net or 978-500-3998, if you have any questions regarding your application.

10. Project Budget

Attach a project budget. Expenditures and estimate costs must be clearly identified and back-up documentation provided. If the project is expected to last more than one year, delineate the budget for each year. Distinguish between hard and soft costs. List any additional or alternate funding sources for the project. **CPA funds cannot be used for maintenance.** If ongoing maintenance is required, who will be responsible and how will it be funded? Indicate anticipated annual income (if any).

11. Attachments

List all attachments, including, but not limited to, photos, plans, maps, quotes, costs, estimates, and letters of endorsement.

CRITERIA FOR PROJECT CONSIDERATION & RECOMMENDATION BY CPC

General Selection Criteria

The Community Preservation Committee (CPC) is responsible for reviewing all projects proposed for Community Preservation Act funding and for making recommendations to Town Meeting. In order to be considered eligible for review by the CPC, a project must at a minimum meet the statutory requirements of the CPA. The CPC will consult with Town Counsel as appropriate to confirm eligibility or other parameters for an application.

CPA funding eligibility is shown in the table below.

	Open Space	Historic	Recreation	Housing
Acquire	Yes	Yes	Yes	Yes
Create	Yes	No	Yes	Yes
Preserve	Yes	Yes	Yes	Yes
Support	No	No	No	Yes
Rehabilitate and/or Restore	Yes, if acquired or created with CPA funds	Yes	Yes	Yes, if acquired or created with CPA funds

See more detail in appended official Department of Revenue allowable uses chart.

If a submitted project is deemed to be eligible for consideration by the CPC, it will be evaluated in relation to how well the project meets these General Selection Criteria and the specific criteria identified herein in the appropriate use category (Community Housing, Historic Preservation, Open Space and Recreation). Recommendations for funding will be based on how well the projects meet these goals and criteria, recognizing that all criteria may not apply to every project. The CPC will also give consideration to available funds and the urgency of the project, especially to those projects whose successful implementation is constrained by scheduling factors not in the control of the applicant such as the imminent placing of land on the market or an indication of an intention to do so.

The following factors will be considered (*not* presented in order of priority or weight):

- a. The project's consistency with reports or plans that have been adopted by the Town, including:
 - i. *Town of Carlisle Housing Production Plan, 2015 (2015 HPP)*
 - ii. *Town of Carlisle Open Space & Recreation Plan, 2013 (2013 OS&RP)*
 - iii. *A Study Plan for the Town of Carlisle*, adopted at Town Meeting 1995
- b. The project's support by relevant Town boards and committees and community groups and its consistency with recent Town Meeting actions
- c. The extent to which the project preserves, protects or enhances existing Town-owned open space, recreation, historic and/or housing assets
- d. The extent to which the project preserves a resource that would otherwise be threatened or lost
- e. The extent to which the project serves a community purpose with a public benefit and/or multiple or underserved populations
- f. Whether or not the project fulfills more than one purpose of the CPA legislation: housing, historic preservation, open space or recreation
- g. Administrative and financial management capabilities of the applicant

(Applicants that have previously received CPA funds should be prepared to demonstrate that they are in good standing with all paperwork and project conditions or requirements of the previous funding appropriation. Applicants should be prepared to provide a status report on any open projects that includes information on expenditures and the anticipated project completion date.)

- h. The extent to which the applicant has successfully implemented projects of a similar type and scale or otherwise demonstrated the ability and competency to implement such a project (Whenever possible, prior applicants should seek to expend all previous CPA funds and complete the project or project phase before requesting additional funds. When it is not advisable or possible to complete a previous phase first, applicants should be prepared to explain why an expedited process is advantageous or necessary.)
- i. Whether or not the applicant has site control or written consent by the property owner to submit an application
- j. The extent to which the project leverages other public and/or private funding
- k. The feasibility of the project plan, whether or not it is the most reasonable approach for implementing the project, and evidence that the project can be implemented expeditiously and within budget
- l. The urgency of the project, the flexibility of the schedule and the impact of any delay in initiating the project
- m. The provision for maintenance of the project
- n. The inclusion of an appropriate permanent deed restriction, preservation restriction, or conservation restriction
- o. The incorporation in the project of design features that reduce the impact on the environment including but not limited to reduced energy consumption, enhanced energy and water conservation and the use of recyclable materials

Community Housing

1. Consistency with the following goals from the 2015 HPP
 - a. Meet local housing needs along the full range of incomes, promoting social and economic diversity and the stability of individuals and families living in Carlisle
 - b. Leverage public and private resources to the greatest extent possible
 - c. Ensure that new housing is well-integrated with the existing community
 - d. Meet annual planned production goals for affordable housing, working towards the 10% state standard
 - e. Provide a wide range of housing alternatives (including both rentals and smaller ownership units) to meet diverse housing needs, particular for the growing elderly population
 - f. Preserve the existing affordable housing stock
2. Support strategies for housing production to meet the above goals
 - a. Make Town-owned land available for affordable housing
 - b. Incorporate accessory apartments in the SHI (Subsidized Housing Inventory)
 - c. Encourage limited private development of affordable housing on sites with adequate upland, appropriate soils, and space for necessary buffers to abutters
 - d. Support scattered-site housing
 - e. Convert existing housing units to affordable units

Historic Resources

1. Consistency with Statute
 - a. Preserve, restore, rehabilitate, or reconstruct properties held in ownership by the Town of Carlisle or a non-profit organization that are listed or eligible for listing

- on the National Register of Historic Places and/or the State Register of Historic Places, or have been determined by the Carlisle Historical Commission to be significant in the history, archeology, architecture or culture of the Town
- b. Fund improvements to make historic resources functional for their intended use, including improvements to comply with the Americans with Disabilities Act and other building or access codes²
2. Support of the Carlisle Historical Commission

Open Space

1. Protection through acquisition or conservation easements of parcels of highest preservation value as listed in the 2013 OS&RP, “Table 7: Seven-Year Action Plan Private Property Protection Priority List” for properties of 10 acres or more
2. Preservation of smaller tracts of undeveloped land that contribute to open space goals, such as smaller parcels that are located adjacent to existing protected open spaces, or that preserve trail and wildlife corridor linkages between larger open space parcels
3. Support of the Carlisle Conservation Commission, the Carlisle Trails Committee, the Carlisle Conservation Foundation, and other conservation entities in the Town or region
4. Consistency with the goals from the 2013 OS&RP, including
 - a. Maintain the rural character of Carlisle
 - i. Protect natural features such as open fields, woodlands, wildlife habitat, and scenic vistas
 - ii. Protect corridors and trail linkages for wildlife and provide additional protected connections between existing open spaces
 - iii. Encourage agriculture in town
 - b. Protect Carlisle’s environment
 - i. Protect the town’s water resources: lands with surface water resources, wetlands, streams, ponds, or potential aquifer sites
 - ii. Protect natural spaces that provide ecological diversity
 - iii. Identify and protect sites with rare, endangered, or protected species.
 - iv. Proactively manage protected lands, including invasives control
 - c. Proactively manage land use in town
 - i. Educate the town about the value of long-term planning for land use
 - ii. Guide where and how concentrated development occurs
 - iii. Encourage cooperation among diverse stakeholders involved in efforts to acquire land for municipal use
 - iv. Improve the town’s ability to finance preservation of open space and recreation

Recreation

1. Meet the town’s recreational needs consistent with goals from the 2013 OS&RP, including:
 - a. Expand and upgrade existing recreation areas and facilities
 - b. Provide additional sites for active recreation facilities and a possible community center
 - c. Improve signage, accessibility, and communication channels for the handicapped

² Rehabilitation work with respect to historic resources is required to comply with the Standards for Rehabilitation stated in the US Secretary of the Interior’s Standards for the Treatment of Historic Properties (codified in 36 C.F.R. Part 68).

5. Budget: Other Sources of Funding. Prior to the commencement of the Work, the Recipient must submit a complete project budget that accounts for (1) the expenditure of all funds awarded under this Grant Agreement; and (2) all other sources of funding, if necessary, to complete the project as described herein. Recipient shall not expend any grant funds unless sufficient sources of funding have been secured to complete the Work and the Project Budget has been approved by the CPC. If the CPC determines that funds have been spent on goods or services not included in the Project Budget or otherwise not authorized under the CPA, the Recipient shall be responsible for returning such funds to the Community Preservation Fund Reserve.
6. Disbursement of Funds. The Recipient hereby acknowledges and expressly agrees that grant funds will be disbursed upon provision by the Recipient of third party invoices for work completed on the Project.
7. Reporting. The Recipient shall provide the CPC with an annual Project Status Report including expenditures to date and reporting on progress. The Project Status Report shall be due by the last day of December until the Project is complete. A Project Closeout Report, including a final accounting and digital photo documentation of the Project where appropriate, is due within 60 days after the Completion Date of the Project.
8. Records. The Recipient agrees to maintain such records with respect to utilization of the grant funds and income derived therefrom as are kept in the normal course of business.
9. Compliance with Laws and Agreement. Recipient understands and agrees that projects funded through this Award are made pursuant to and must comply with the requirements of the Community Preservation Act, M.G.L. c. 44B. Recipient also agrees to comply with all requirements of this Grant Agreement.
10. Community Preservation Act Awareness. Recipient shall identify that the Project was funded through the Town of Carlisle Community Preservation Act in its written and online materials about the Project, including but not limited to press releases, brochures, and online database. Whenever any part of the collection is displayed publicly, recipient shall arrange to be posted, in an appropriate location mutually acceptable to the parties, a sign stating that the Project was funded through the Town of Carlisle's Community Preservation Act program.
11. No Assignment. This Grant Agreement may not be assigned by Recipient without prior written agreement by the CPC.
12. Notice. Any and all notices, or other communications required or permitted under this agreement, shall be in writing and delivered in hand or mailed by certified mail, return receipt requested or by other reputable delivery service to the parties hereto at the following addresses:

**COMMUNITY PRESERVATION ACT AWARENESS
SAMPLE SIGN**

As shown in the photographs below, the Community Preservation Awareness sign for the Carlisle CPA grant to Concord Carlisle at Play for recreational facilities at Concord-Carlisle High School is prominently displayed along the drive up to the school from Walden Street, along the fence at the entrance to the stadium. A similar sign is displayed acknowledging support from the Town of Concord's CPA funds.
